

# Thermofoil Finishes & Door Styles

## Finishes

As an alternative to wood and painted cabinetry, the Thermofoil collection features durable and easy-to-clean antibacterial finishes. Choose from solid colours or vertical wood grain finish options. All Thermofoil finishes will have best match melamine print or solid colour finished sides, panels and parts. Case interiors are white to match the backs of doors.

Thermofoil Winter

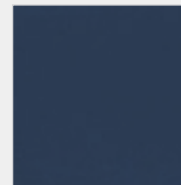

Thermofoil Morning Dew

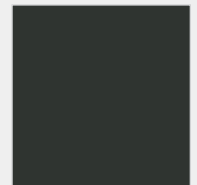

Thermofoil Opti Grey

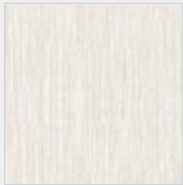

Thermofoil Gauntlet Grey

Thermofoil Noble Blue

Thermofoil Charcoal

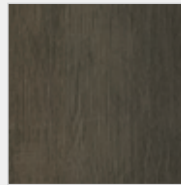

Thermofoil Diva <sup>1</sup>

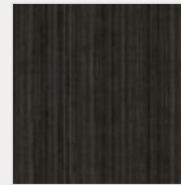

Thermofoil Magnolia <sup>1</sup>
